

We have a range of modular off grid container, (or other) based power supplies. The beauty of our systems is they are completely expandible in terms of PV Panels, Inverter Kw output/phases and ...

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site.

The PFIC25K55P30 is a compact all-in-one solar storage system integrating a 25kW power output, 55kWh energy storage capacity, and 30kWp high-efficiency foldable PV modules--engineered for off ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

Distributed at aluminum mining camps with no grid connection and limited construction space, the folding solar containers facilitated quick installation, use of land space, as well as a stable ...

A containerized, movable off-grid solar power solution that unfolds into a high-capacity PV array in minutes. Designed for fast deployment, reliable output, and easy transportation to remote sites, ...

Thanks to the latest version of our container-based e-SPRINGBOX solar generator, you can deploy and start up a clean and silent solar power plant without any structural engineering or specialist handling.

Hiring a basic 25 kW Solatainer™; with a 4KW PV array, 15KWh Battery and 13kW standby Generator: Access off-grid power, wherever and whenever you need it. Solatainer™; uses integrated renewable ...

Tide Power Solar Power Container is a highly integrated, plug-and-play mobile green energy solution. Built within a standard container, it innovatively combines a foldable PV array, a high-efficiency ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ...
