

# Can cats be kept in balcony storage cabinets

Is your balcony cat proof?

Having a cat proof balcony is vital, particularly if you're anywhere above the second floor. Also, if you live in a busy area, the last thing you want is your house cat escaping over your balcony railing! So, let's look at how to make your balcony a safe space for cats.

Can a cat go on a balcony?

If you allow your pet out on the balcony, you need to know how to make your balcony safe to avoid accidental injuries or falls. Enclose your balcony with plastic mesh or wire. This is not a cage, but a "catio" - a cat patio - that enables your pet to see and sniff the outside in a protected space.

Can a dog crate fit in a balcony?

Adapt a large dog crate as an outdoor enclosure for your cat. This is a quick fix that doesn't require too much time, money or effort. Set the crate in a place where the cat can have a good view of the outdoor scenery around your balcony and beyond. Choose the largest crate you can fit in the balcony.

Can a covered balcony enclose a cat?

Generally, it'll be easier to enclose a covered balcony than an uncovered one. If you have an uncovered balcony, the best option will be to just keep your cat inside. Some options below require a bit of DIY. It won't be much more than drilling some holes, but make sure you're allowed to do this before you start.

In conclusion, allowing a cat onto a balcony requires careful consideration of safety features, surface materials, supervision, the cat's behavior, and local regulations. By addressing these factors, cat ...
