Introduction  
Main Features of The Special Economic Zones Organic Law  
New Law Needed For Renewable Energy Projects  
Development of Renewable Energy Projects in SEZs  
Conclusions  
We believe that renewable energy projects can be carried out in SEZs once the Renewables Energy Law enters into force. In addition, there must be a presidential decree establishing the SEZs, and relevant economic activity agreements between the National Superintendency of Special Economic Zones and the investors, as explained. To create incentives ...
