

On January 5, 2026, Shanghai Haixi Industrial Communications Co., Ltd. and Pengcheng Infinity, a new energy storage enterprise, officially signed a strategic cooperation agreement. The two sides ...

Luneng Haixi State Multi-Energy Complementary Base Energy Storage System is a 50,000kW energy storage project located in Geermu city, Haixi state, Qinghai, China.

Huadian (Haixi) New Energy Co., a subsidiary of China Huadian Group, has successfully completed the full-capacity grid connection of the Togdjog Shared Energy Storage Station in a cold, ...

As renewable energy adoption accelerates globally, one question keeps haunting industry leaders: "How do we store massive amounts of clean energy without geographical constraints?"

Heze Haixi Energy Storage provides significant environmental benefits primarily through its role in optimizing renewable energy usage. Energy storage facilitates better management of ...

Huadian (Haixi) New Energy Co. has connected the 270 MW/1,080 MWh Togdjog Shared Energy Storage Station to the grid in China's Qinghai province, marking the start of ...

Huadian (Haixi) New Energy Co., a subsidiary of China Huadian Group, has successfully completed the full-capacity grid connection of the Togdjog Shared Energy ...

Imagine a giant "energy bank" storing sunlight and wind like digital coins. That's essentially what the Haixi Energy Storage Project is doing in China's Qinghai Province.

One efficient energy storage solution, Haixi Energy Storage, utilizes advanced systems to store energy for later use, ultimately balancing supply and demand dynamics. The ability to harness ...
