

# Southeast Asian large-capacity energy storage battery manufacturers

Which battery brands dominate the Southeast Asia battery market?

The Southeast Asia battery market is moderately concentrated. CATL, LG Energy Solution, Samsung SDI, and BYD together command roughly 55% of regional lithium-ion capacity, while Clarios, GS Yuasa, and Exide dominate lead-acid aftermarket channels.

How big is the Southeast Asia battery market?

Image &#169; Mordor Intelligence. Reuse requires attribution under CC BY 4.0. The Southeast Asia Battery Market size is estimated at USD 7.07 billion in 2026, and is expected to reach USD 11.20 billion by 2031, at a CAGR of 9.63% during the forecast period (2026-2031).

What is the market size of automotive traction batteries in Southeast Asia?

By application, automotive traction batteries held 57.5% share of the Southeast Asia battery market size in 2025 and are accelerating at a 15.7% CAGR to 2031, reflecting generous EV incentives in Indonesia and Thailand.

Which countries are leading the Southeast Asia battery market in 2025?

Thailand led the Southeast Asia battery market with 28.3% revenue in 2025, drawing on a deep automotive cluster and Eastern Economic Corridor incentives that streamline permitting and fund shared infrastructure. Clarios and GS Yuasa upgraded Rayong plants in 2024, and Panasonic doubled capacity to support hybrid models from Toyota and Honda.

Six countries have committed to achieving net zero goals in the future, and renewable energy will accelerate construction. In the meantime, you can learn about the world's energy storage ...

Southeast Asia Battery Energy Storage Systems market is valued at USD 3 billion, driven by renewable energy integration, grid stability, and government incentives for sustainable energy.

Sembcorp Successfully Commissions Southeast Asia's largest Energy Storage System", December 23, 2022. Based on independent assurance provider DNV's global database of 4,210 ESS ...

The Southeast Asia Battery Market worth USD 7.07 billion in 2026 is growing at a CAGR of 9.63% to reach USD 11.20 billion by 2031. LG Energy Solution, Panasonic Holdings Corp., ...

The Southeast Asia battery sector is rapidly evolving, driven by surging demand for electric vehicles, renewable energy storage, and portable electronics. As the region accelerates its adoption ...

Four projects have been selected in Peninsular Malaysia's first programme to build large-scale battery energy storage system (BESS) facilities.

Discover the Southeast Asia Battery Energy Storage System market growth trends, size, demand, and key

# **Southeast Asian large-capacity energy storage battery manufacturers**

companies driving innovation and value in the industry.

Summary: Southeast Asia has emerged as a hub for solar energy storage solutions, with lithium battery manufacturers driving innovation in renewable energy systems. This article explores the region's ...

As the region accelerates its transition to electric mobility, energy storage systems are becoming critical components. This analysis profiles the Top 10 Companies revolutionizing ...

ASEAN Energy Storage Market Size & Share Analysis - Growth Trends & Forecasts (2025 - 2030) The ASEAN energy storage market is segmented by type (pumped-hydro storage, battery ...
